Keynote Address

AI Governance and Next Chapter in Privacy Protection

Ada CHUNG Lai-ling

Privacy Commissioner for Personal Data

30 October 2025

Balancing development and security of AI

Personal data protection is an important aspect of AI governance

Global AI Governance Initiative (2023)

“We should gradually establish and improve relevant laws, regulations and rules, and **ensure personal privacy and data security in the R&D and application of AI. We oppose theft, tampering, leaking, and other illegal collection and use of personal information.**”

Global AI Governance Action Plan (2025)

“We need to drive the development of AI with high-quality data, collaborate to facilitate the lawful, orderly and free flow of data...At the same time, we need to **actively safeguard personal privacy and data security**”

“We need to **strictly enforce data and privacy protection**, actively explore lawful and orderly transactions of training data, jointly promote the opening and utilization of data compliant with rules and regulations “

Joint statement on building trustworthy data governance frameworks to encourage development of innovative and privacy-protective AI

International Collaboration

PCPD has collaborated with global counterparts in enhancing AI security

 **Co-chair of “Ethics and Data Protection in Artificial Intelligence Working Group” of Global Privacy Assembly**

- PCPD co-sponsored resolutions

For example:

-  **Meaningful Human Oversight of Decisions Involving AI Systems (2025)**
-  **Collection, Use and Disclosure of Personal Data to Pre-Train, Train and Fine-Tune AI Models (2025)**

 **Co-chair of “International Enforcement Cooperation Working Group” of Global Privacy Assembly**

- To strengthen international collaboration and address privacy challenges brought by AI
- In 2023 and 2024, PCPD, together with respectively 11 and 15 privacy or data protection authorities worldwide, issued joint statements to social media platforms on data scrapping

PCPD's Guidance

The PCPD has published different guidance in response to AI development

Compliance Checks

PCPD conducted compliance checks on the use of AI from 2023 to 2025

Aug 2023
to
Feb 2024

PCPD conducted compliance checks on **28 local organisations** to understand these organisations' practices in relation to the **collection, use and processing of personal data** in the development or use of **AI**, as well as **AI governance** of these organisations

Feb 2025
to
May 2025

PCPD began a new round of compliance checks, which covered **60 local organisations** across a wider range of sectors. PCPD also examined the organisations' implementation of the recommendations and best practices provided in the Model Framework

Results

PCPD found **no contravention of the Personal Data (Privacy) Ordinance (PDPO)** during both compliance check processes
