

China Cybersecurity Law Conference

Panelist

Bernard Tan, Chief Legal Counsel, Data and Cybersecurity, SAP

Bernard is Chief Legal Counsel for Data and Cybersecurity at SAP. Prior to this role, he was Assistant General Counsel for SAP Greater China region. One of his main responsibilities was to help transform and grow SAP Greater China's business through enabling customers to become Intelligent Enterprises, using SAP technology such as Cloud, Artificial Intelligence, Machine Learning, IoT, Analytics and mobile solutions.

In addition, Bernard was also the SAP Greater China's Data Protection and Privacy Officer, and manages privacy and cybersecurity matters for the region. Recently, Bernard's role has changed to co-managing data and cybersecurity matters for SAP globally. Bernard has been a technology lawyer for two decades and has been admitted to practice in England and Wales, Hong Kong and Singapore. Besides his law degree, Bernard has an LLM (LST) degree from Stanford Law School and an MSc (e-Business) degree from the NUS Business School.
